WHY FP4A?

Foreign Policy for America is dedicated to strengthening support for principled U.S. leadership in the world.

Together with our members and partners across the country we work to address some of the most pressing challenges of our time – from strengthening alliances and managing competition with China, to investing in technologies and jobs of the future, defending human rights and democracy, and working to lower costs for American families.

PEOPLE

FP4A's strength is our extraordinary network of leaders – national security professionals, business executives, nonprofit leaders, and community advocates – united by the belief that principled U.S. leadership makes our country stronger and safer.

Our NextGen Initiative includes hundreds of rising leaders tackling critical national security, economic, and humanitarian issues of today.

Our leadership brings unmatched experience from the highest levels of diplomacy, defense, business, and global development, including former U.S. Deputy Secretaries of State Wendy Sherman and Robert Zoellick, former Deputy Secretary of Defense Kathleen Hicks, former Under Secretary of Defense for Policy Colin Kahl, Mercy Corps CEO Tjada D'Oyen McKenna, and more.
